

Senior Consultant

£30k - 35k + uncapped commission

Pangea Talent Solutions: Global recruitment agency offering human capital solutions in renewables, commodity trading, oil & gas, and water markets. Join our expanding UK team in London!

Responsibilities:

- Manage recruitment projects and be the main point of contact for clients and candidates.
- Actively generate new clients and build on existing client relationships.
- Expertly coordinate candidate generation efforts including sourcing, interview management, and final negotiations.
- Work closely with senior leadership and collaborate with the rest of the team to improve processes and ensure successful placements.

What We Offer:

- Uncapped commission scheme.
- Unparalleled professional growth with flexibility in career path - set your own KPIs and work directly with the senior management team on meeting your professional and personal goals.
- Free gym membership.
- Free access to mental health support through our partnership with the online therapy platform, Spill.
- Quarterly Lunch Club, regular team nights out, and VIP holiday incentives.
- Early finish Fridays year-round.
- Company laptop.

Requirements:

- 1+ years 360 recruitment experience.
- Experience across renewables or energy recruitment is ideal but we will also consider candidates from different sectors who have a desire to learn.
- A strong track record in both business development and candidate generation, with consistent results.
- Excellent organization and communication skills are essential.
- Driven and ambitious with a desire to succeed, learn, and grow.
